# Band Instrument Owner Maintenance and Repair Plan

## Why Robbins Music?

- Trusted Name
- Family owned
- Partners in Education
- Fastest repair turnaround service in town
- Most Experience (serving Huntsville area since 1955)
- We deliver!

**Why do I need a Maintenance Plan?** With the price of gas and services going up, it's good to know Robbins Music has your instrument covered. Our Maintenance Agreement covers all maintenance and repairs necessary for proper mechanical functioning of your instrument including all bench fees. We will maintain the property in good working order during the initial term and any renewal terms. All servicing and repairs are performed in house by our experienced Robbins Music Center technicians. We will even provide you with a loaner while your instrument is in our repair facility so that you and your student don't miss a note.

**Price:** A modest, one time installment of \$100.00 covers your instrument for the entire year.

**Balance Roll-Over Feature:** Our plan rewards you for taking care of your instrument. While you are covered throughout the entire year regardless of how many times you bring your instrument in for service, know that the cost of typical bench fee and repair is only \$55 per service. Therefore, if you require only one or fewer service repairs throughout the year, you will only be charged for the services rendered and the remaining balance from your initial installment can be credited towards renewal of the agreement for the following year. That means you could potentially get another years worth of coverage for only \$55 instead of the full \$100. It's the way you wish insurance worked!
